FRONTLINE FAMILIES

It's important to help stabilize a kid into a foster home in real time. Help foster families insure that they can focus on getting the child stable in the home instead of trying to find resources. Help missionary **Lee Watson** show the tangible compassion of Jesus to kids who have been abused or neglected.

COMPASSIONLINK

CompassionLink receives used eyeglasses and repurposes them for use in many parts of the world. However, donated children's glasses are hard to come by, making it necessary to purchase them. In order for them to last and grow with a child, it is necessary to purchase well-made sturdy glasses with spring-hinges. We also purchase quality adult reading glasses, which help parents not only see and read better, but possibly get better jobs and provide more for their families.

Simple medical problems we don't think twice about in America can be serious and often life threatening for kids across the world. CompassionLink partners with international churches to provide Community Health Training Kits and teaches communities how to use them. Help save the lives of kids across the world by providing complete medical kits or sponsor a medical training doll!

GUATEMALA

David and Debbie Amsler serve in Guatemala. Partnering directly with local AG pastors, they are able to purchase, package, and distribute food to families at risk in their area. Through the chicken project, you can help make a difference by providing a means for nutritional fresh eggs.

Chicken coops come with 5 chickens and help not only feed the family but offer a way to make money too!

FIRE BIBLE - HAITI

The FireBible is a full-featured study Bible with an emphasis on the person and work of the Holy Spirit. FireBible is working to translate this study Bible into Haitian-Creole so that pastors across Haiti can understand the Word of God and how to teach their congregations.

BIBLE FOR HAITIAN BELIEVER

\$30

“A Bible with a Pentecostal perspective will give Haitian believers a clearer understanding. It’s something we are lacking in the country. The FireBible will make a huge difference, and I thank the Lord for this project!”

AFRICA'S CHILDREN

In order to build children into strong disciples of Jesus, teachers need access to multiple tools in their own language. Africa's Children is committed to helping national churches provide materials for children's workers in local churches. The **Jump Start** project provides funds for developing and printing materials in local languages.

AFRICA TABERNACLE EVANGELISM

Tabernacles are a quick way to start a new church. The tabernacle kit provides the most expensive part of the building—the foundation, side pillars and beams, and a roof. The congregation will finish their new church by adding the walls, floor, windows, and doors. Help Africa Tabernacle Evangelism purchase the tools they need to build these churches.
